# We're Upgrading to Serve You Better

Atlantic Pain Center is moving to a new patient records system. This upgrade will give you one secure place for your forms, messages, and care plan, and make your visits smoother.

> While we make the switch, you may notice **a short delay in our replies** to calls, emails, and online inquiries. We're working through every message and will get back to you as soon as we can.

### New patients

You don't have to wait. You can complete your new patient intake form online right now through our new patient portal. Once we receive it, we'll reach out to schedule your first visit.

### Current patients

Watch for an email from Aminova Health with your personal activation details for our new patient app. Didn't get it? Check your spam or junk folder, or give us a call and we'll help you get set up.

**Need help sooner? Call us at (678) 242-0269**

For a medical emergency, call 911.

Thank you for your patience and trust. We're excited about what this change means for your care.

Warmly,
**The Atlantic Pain Center Team**
